## Revolutionary Greetings,

Welcome to our National Jericho Movement Newsletter. Thank you to all of our members and affiliates who contribute critical information regarding our Political Prisoners/Prisoners of War as well as updates on activities, events, and actions. Moving forward, we stand in fierce determination and solidarity to free our remaining Political Prisoners and Prisoners of War still languishing behind the dungeon walls. Our shared vision is that we will reach a time in this country (and others) wherein there will be no more Political Prisoners/Prisoners of War. We envision the day when they all will walk free and into the arms of their families—who have been waiting for decades. We hope you join us in making this a reality.

### Work & Focus

Jericho actively maintains direct connections with our Political Prisoners/Prisoners of War (PP/POW) by visiting or writing them monthly. We also maintain contact with and assist their families. We monitor health & legal status and provide support and intervention. We hold political education classes, table at events, travel to give presentations, interviews and speak on radio shows. We are actively collaborating with and support other movements, organizations and events which are in alignment with our missions and values to break down walls of injustice, racism, oppression, and to Free our Political Prisoners/ Prisoners of War. Part of our work is raising funds to support our PPs as well as their families. Additionally, we are assisting our comrades who have finally come home. We are also focusing on: **In the Spirit of Mandela: The Peoples' Senate**, and invite you to join us! Lastly, we hope you will connect with some of our powerful allies who are hosting events and Calls to Action (past and future). As you can see, there are many "boots on the ground"!

#### **Jericho Post Ramadan Statement to Members and Supporters**

Bismillahir Rahmanir Rahim

As-salaamu 'alaykum Jericho Members, Families and Supporters!

"Ramadan, the Islamic month of fasting, has come to an end with Eid (Festival) celebrations around the world this passed Saturday and Sunday. Many have been rejuvenated and energized, and we all stand to benefit from this energy and rejuvenation. Each day the world is becoming more of a toxic place with genocide and all forms of oppression, exploitation and brutality occurring. Our strongest weapon is our faith and our love and respect for each other. In the last two years, Allah has blessed me to do an extensive amount of travel around the world, particularly in Africa. Through the lens of a Muslim and revolutionary I am learning *firsthand* from extended stays of time the common people's challenges, struggles, and resilience. The infrastructures in the African countries where I live and have been do not compare to that of the United States'. One thing that stands out among the people is the prevailing sense of self-determination and self-reliance, oddly and often without any political direction. Would it be too generalized to say, many people have practice without theory, while we here in the United States have theory without practice? Meaning to say, many sisters and brother and families in places I have been strive to develop their own land – be it growing vegetables in their doorway or backyard to fashioning tools with sticks or using their hands to dig holes. People get it done. There is no expectation from the government and often no movement to give political direction. Allah Knows Best. However, despite our oppression here in the United States, we do have resources still available to us to get things done. We have to figure it out. Insha Allah, we have to be more visionary and exercise maximum creativity and innovation to not just protest injustice, but to institutionalize our work and build a culture of resistance. Jericho, and the struggle to free all Political Prisoners, plays a major role in that effort. Let's feel our strength!!!"

**Love and Respect, Jihad Abdulmumit, Chair National Jericho, April 2, 2025**

### **April 2: Today is Jericho Co-Founder Safiya Bukhari's Birthday**

“Safiya worked non-stop to free all U.S. held political prisoners, to the point of sacrificing her health. We need to fulfill her goal of freeing all political prisoners! Special thanks to our comrade brother Claude Marks for sending us this link. LONG LIVE THE SPIRIT OF SAFIYA ASYA BUKHARI! “Among the ancestors now, Safiya offers

us her wisdom in [The War Before](#), with an introduction and edited by her good friend and comrade Laura Whitehorn. Just as the revolution is a work in progress, Bukhari's writings were a work in progress, reflecting her thoughts on organizing for an end to capitalism and working toward a new society. While I acknowledge the

tragedy of her physical death, I prefer to see her passing as a transition. This collection of essays, speeches and interviews reveals a strong spirit, and should be read like a textbook, again and again. Returning to how Safiya Bukhari thought and how she fought on behalf of political prisoners keeps her spirit close to us while we continue the struggle. In the "Afterword," political prisoner and journalist Mumia Abu Jamal states that Bukhari's "passing wasn't the only tragedy; the tragedy was that more people didn't know her, learn from her, or grow from her fund of hard-won wisdom." --Lenore Jean Daniels, PhD." "Last week, a federal court in New York ruled that the case challenging ICE's unlawful detention of Mahmoud Khalil, a recent Columbia graduate student and lawful permanent resident, should be transferred to New Jersey.

The Trump administration had sought to transfer the case to Louisiana, where they moved him 1,400 miles from his family and legal team after his habeas case was filed. The new judge overseeing his case in New Jersey reaffirmed a previous order that blocked Mr. Khalil's deportation.

"This is a first step, but we need to continue to demand justice for Mahmoud. His unlawful and unjust detention cannot stand. We will not stop fighting until he is home with me," said Mr. Khalil's wife, Dr. Noor Abdalla, who is eight months pregnant.

In a [letter](#) written from the Louisiana detention center, Mr. Khalil shared: "In the weeks ahead, students, advocates, and elected officials must unite to defend the right to protest for Palestine. At stake are not just our

voices, but the fundamental civil liberties of all. Knowing fully that this moment transcends my individual circumstances, I hope nonetheless to be free to witness the birth of my first-born child.”

## I Envy The Palestinians

By Caitlin Johnstone

"I envy the Palestinians. Not for what they're going through, obviously, but for what they have. Their supremely authentic culture, with its deep roots and ancient connection to the land.

One of the very, very few good things that the Gaza holocaust has brought into this world is a deluge of footage of Palestinians living their lives, interacting with each other and relating to their loved ones as they find ways to get by in this nightmare. Westerners like me have been quietly watching these video clips on our little screens in our homes, and watching the various films, documentaries and shows that have been made about Palestinian life over the years, and taking it all in.

And it's just so very moving. Palestinians are such amazingly beautiful people. How tender they are with each other. How real and organic their spirituality is. How deeply they love their culture in all its unique expressions. How profoundly intimate their connections with each other are, both between individuals and with their community as a whole." <https://www.caitlinjohnst.one/p/i-envy-the-palestinians>

## Grounding our Purpose

***The National Black Radical Organizing Conference will be held May 30***

*"The Second National Black Radical Organizing Conference (NBROC) continues the legacy of Black radical resistance, uniting organizers to confront imperialism, capitalism, and white supremacy while building an independent path toward collective liberation. The gathering in Indiana - 53 years after the historic National Black Political Convention - reaffirms that our freedom lies not in reforming a broken system but in dismantling it and forging a revolutionary future.*

In March 1972, on the heels of the Black Freedom Movement, nearly ten thousand Black people, including organizers, activists, politicians, and artists, convened in Gary, Indiana, for the National Black Political Convention (NBPC). Similar to today, they faced the failure of the two-party duopoly, rising inflation, growing economic crisis, an unpopular imperialist war, counterattacks on our movements, and a pressing need for political clarity. Among the NBPC's goals was to build an independent Black Agenda. While they achieved this goal by producing a National Black Agenda, class and ideological factions ultimately weakened the ability to organize around it. Thus, the appetite for political clarity and strategy sought at the '72 conference still eats at us as we meet in Indiana 53 years later.

The Second National Black Radical Organizing Conference (NBROC) is an attempt, as many have done before us, to create a space to discuss, debate, train, assess, and create a collective way forward for Black/African/New Afrikan organizations and organizers who believe that our struggle for self-determination is paramount to our survival. We understand that without organized political power, we will not collectively achieve affordable

housing, an environmentally sustainable planet, life-affirming education, land sovereignty, food justice, and economic security. We do not look to be integrated, assimilated, or incorporated into America but to liberate ourselves from it. By Any Means Necessary!

The Black Radical Tradition- the opposition to empire, imperialism, patriarchy, and capitalism as we fight for self-determination- is under attack, and we must fight back. Our enemies are working hard to appropriate and neutralize our historical traditions, symbols, and narratives of resistance. This was on full display at the Democratic National Convention and throughout the ill-fated Harris Campaign, where many of our symbols and s/heros, like Fannie Lou Hamer, Frantz Fanon, and W.E.B DuBois, were grossly misappropriated to support their imperialist agenda and justify the ongoing genocide of the Palestinian people. The Republicans and their ilk are no better, as their overt white nationalist stance presents a clear and present danger to our people. Going forward, our movement must draw some clear lines in the sand against the two parties of imperialism and the notion that engaging the two-party system is the only legitimate path to accomplish our goals.

We are clear that our enemy is organized. They invade us for charting our own path, imprison us for defending ourselves against them, starve us for profits, expel us for questioning their history, and deprive our bodies of freedom for exercising our own choices. They are organized through military budgets, campaign contributions, banking institutions, governmental laws, and media propaganda. Capitalism, imperialism, white supremacy, and patriarchy are nothing but expressions of an organized enemy. An enemy that has left us bargaining for crumbs each election cycle.

The first National Black Radical Organizing Conference (NBROC) was convened in Atlanta in June 2023. We aim for BROOC to serve as a place for an ongoing collective process to provide greater political clarity for our movement and our people. We need to make it clear that to be a **Black Radical** is to be a revolutionary and that being a revolutionary means being committed to the struggle to end capitalism, white supremacy, colonialism, imperialism, and patriarchy. It means building for our collective liberation by developing our institutions to construct a socialist future through organizing the Black working class, building new social movement trade unions that serve the interests of our people, independent Black political power, participatory democracy, solidarity economics, and ecologically regenerative practices to situate us in the right relationship with Mother Earth. To be successful, our praxis - theory and practice - must be dialectical and material. We must have a solid class analysis and a deep understanding of dynamic and generative culture that constantly returns us to our African source(s) and moves us forward towards a love supreme.

Therefore, we will gather to forge an independent base beyond the two-party duopoly. We insist that we must advance clear revolutionary nationalist, Pan-African, and internationalist perspectives. Our liberation will not come from trying to reform American institutions or political parties. It will be born out of defeating US imperialism and dismantling the systems of capitalism, colonialism, patriarchy, and white supremacy—nothing short of it.

At this conference, we will help organizers further establish the skills to build a base beyond the duopoly. We will sharpen our methods of strategy, hone our communication skills, refine our ethics, strengthen our analysis, identify our needs, and bring new people along with us.

Despite its many shortcomings, the 1972 National Black Political Convention provided a space to activate political imagination. We are organizing this conference to give our people the space to enter and grow. We recognize that everyone enters the struggle at their own level with the ambition to contribute more. Here, we want to nurture that ambition because we can win only with the masses' invigorated participation!

***The National Black Radical Organizing Conference will be held May 30 - June 1st at Butler University in Indianapolis, Indiana. It is sponsored by representatives Black Alliance for Peace, Community Movement Builders, National Black Liberation Movement, Black Men Build, Malcolm X Grassroots Movement, Cooperation Jackson, and more to be announced. ### **Help Muhammad Rebuild After Truck Fire**

“Greetings of Peace. My name is Jihad Abdulmumit, whom many of you already know. I am fundraising on behalf of my brother-in-law in Cameroon, Muhammad Nassaraddine. (My wife and I have an apartment here where I stay when not in the U.S.). Muhammad is an excellent truck mechanic and has had his own business fixing Mercedes Benz trucks for the last ten years. On or about Sunday, March 2, 2025, Muhammad sent his

apprentice to repair a truck. That night the truck caught fire. The owner was furious and now Muhammad must pay \$8,500 for the cost of the burnt truck. In Cameroon, there is no "investigation" like in the United States to accurately determine the cause of the fire. So, the unconfirmed assumption is that the apprentice crossed the electrical wires, and a fire started overnight that consumed the entire cab of the truck. Minus any apparatus for investigation, the consequence is to restrict Muhammad's ability and opportunity to work and provide for his family until his debt is paid. From the United States I know full well that most of us are in some type of financial stress and in need of assistance. But, respectfully and prayerfully, I am throwing my hat in the milieu of social media and crowd sourcing requests to assist my family here in Cameroon get over this potentially family destabilizing dilemma. Any amount you give will be a blessing and tremendous help. Thank you."

### A message from Dr. Noor Abdalla, Mahmoud Khalil's wife

Dr. Noor Abdalla, Mahmoud Khalil's wife, issued a video statement this morning urging supporters of her husband's cause to attend the national march for Palestine in Washington D.C. this Saturday! Dr. Abdalla speaks on the importance of continuing the struggle amidst Trump's *ongoing and escalating repression*. *Mahmoud, who has been detained for 25 days now, was targeted in a politically motivated detention that sought to make an example out of his vocal opposition to the genocide and occupation of his homeland.* She issued a clear call to action: "The time to show up is now. I urge you to [take a bus](#), take a car, take a plane or take a train and show up at 1:00 p.m. We need to show up in large numbers and make it known that the people will never consent to the massacre in Gaza." - Leonard cannot associate with anyone with a criminal history or a felony conviction.
- Leonard cannot have more than five visitors at a time.
- Leonard's speech has been curtailed. There are things he is not allowed to say publicly.
- Leonard cannot travel more than 100 miles.

These are but a few of the conditions Leonard lives under. As he says, his new cell is awesome, but still a cell.

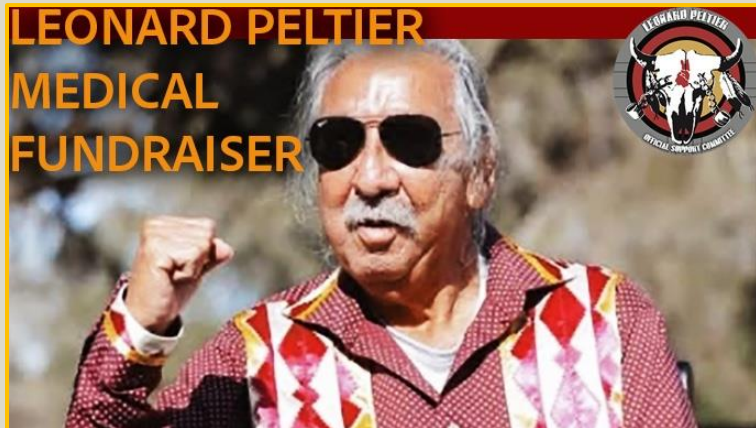

The work is far from done.

### Calls for Action: Political Prisoners

#### Leonard Peltier Medical Care Fundraiser

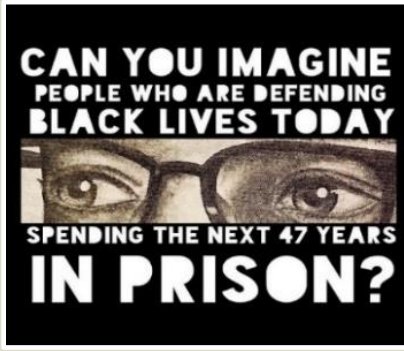

"On February 18, 2024, Leonard Peltier—member of the Chippewa and Lakota Nations—was finally released after more than 49 years behind bars, making him the longest-serving Indigenous political prisoner in the United States. While his clemency has been celebrated by advocates worldwide, it also highlights the urgent need for systemic reform to ensure fairness and equity in the US justice system.

Leonard has endured 50 years of medical neglect. His health has been ignored for decades, leaving him with severe medical conditions, including an aortic aneurysm, poorly managed diabetes, muscular degeneration, prostate infection, and sleep apnea. He is also legally blind due to years of untreated vision problems and has gone over a decade without dental care..." for full article see: <https://chuffed.org/project/124750-leonard-peltier-medical-and-health-fundraiser>

“Join Ride With Purpose (with Detroit Jericho) for their ride on Wed, April 23rd to celebrate Mumia Abu-Jamal’s birthday a day early by creating a special gift for him.

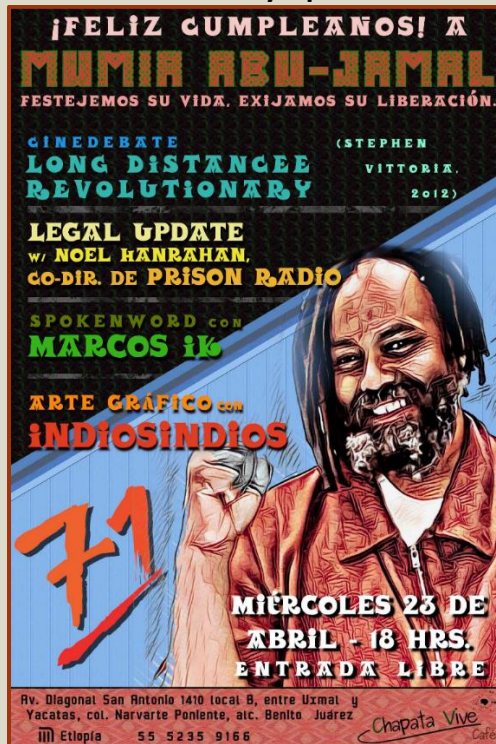

Last year, Ride With Purpose took pictures around the city & sent him a photobook.

We’re doing that again this year, starting at Mama Akua House & riding a 10-mile loop to the river & back.

Along the way we’ll take pics of the beauty we see daily in our city. The goal is to show Mumia that we’re still out here fighting. @ridewithpurposedetroit @mamaakuahouse @detroitjericho.

#### “About The Freedom Archives

The Freedom Archives contains over 10,000 hours of audio and video tapes which date from the late-1960s to the mid-90s and chronicle the progressive history of the Bay Area, the United States, and international

movements. We are also in the process of scanning and uploading thousands of historical documents which enrich our media holdings. Our collections include weekly news, poetry, music programs; in-depth interviews and reports on social and cultural issues; numerous voices from behind prison walls; diverse activists; and pamphlets, journals and other materials from many radical organizations and movements.

These materials constitute a compelling record of 50 years of recorded sound, images and cultural diversity. The music/poetry mixes, production techniques, and sound collages represent an innovative contribution to the art of radio and the cultural ambiance of "the 60s" and subsequent decades.

Among our collections include an extensive materials on La Raza centering around audio tapes about Latino culture, community and news from independent producers Jesse 'Chuy' Varela—now at KCSM—and Pajaro Latino by Jorge Herera at KPOO (a program that continues to this day). We also hold a comprehensive collection of the radio work of the late Colin Edwards—who produced programs for the BBC, Canadian Broadcasting, Irish Radio, and Pacifica Radio about everything from the Black Power Movement to Vietnam and the Middle East.

The Freedom Archives also contains exclusive material on the civil rights, student, antiwar, prison, women's, and LGBTQI movements along with broad collections on the Puerto Rican independence struggle, political prisoners and in-depth reports on key events from San Francisco to South Africa.

### **Lessons of the Recent Past**

There is an overwhelming need for the young people of today to have access to non-filtered, non-biased educational resources that allow them to learn more about our recent history. Young people need to know about and understand the aims, events, accomplishments and setbacks of those influential times.

The archives and projects growing from the collection can help satisfy a growing interest by youth of many cultures in these social and cultural currents, and can assist them in unearthing lessons of the recent past even as they raise new concerns of their own. Educational programs utilizing multifaceted audio resources can convey recent history to high school and college students in dramatic ways that cut through the stereotypical depictions of textbooks, the mainstream media, and commercialized mass culture.

### **Educational Resources**

The collection is not only an invaluable resource to young people and students, but also to teachers, diverse community organizations and media outlets, filmmakers, activists, historians, artists and researchers. In efforts to encourage younger generations to explore our many social justice collections, we've launched a digital search engine that is media-sample-driven and allows for a less academic and more user-friendly exploration of our materials. You can access the search engine at [search.freedomarchives.org](http://search.freedomarchives.org). There are also resources including video clips and curriculum on our [blog](#).

We are also in the process of developing historical curricula based on primary sources, often misrepresented by textbooks and popularized history.

### **Preservation**

We need your help to preserve these invaluable historical materials! Many of our older audio and video formats have begun to deteriorate and aspects of our paper collection also need attention. Without preservation, the very existence of these materials as a vital resource for young people and future generations will be lost. On a shoestring, with largely volunteer labor, we have assembled the equipment and facilities to begin both the data base classification of the materials and the re-mastering of the collection. **It is critical to preserve this oral history. You can contribute to this work by donating here.**

### **Internships**

Our youth internship program will ensure that young people also play a crucial role in these tasks while benefiting educationally, technically, and in their future pathways and careers. A training program for students and new program producers provides experience in aspects of historic restoration, research, librarianship as well as media production and journalism." <https://www.thejerichomovement.com/partners/freedom-archives>

### Haitian Women Call for International Solidarity womenunitedagainstgenocide

"We are writing to share the recording of our recent webinar, "In The Crucible: Haitian Women Share Their Stories," co-sponsored by Haiti Action Committee and Caribbean Dialogue.

We urge you to hear the voices of grassroots Haitian women calling for international solidarity and an end to deadly terrorist death squad violence. They describe the dire situation women face in Haiti and the work of their organizations to resist, mobilize and support women in their communities. Please watch and share the recording widely. <https://haitisolidarity.net/in-the-crucible-four-haitian-women-share-their-stories/>

"We are being exterminated," women said as they describe the prolonged suffering, deadly violence and terror, widespread rape, torture and kidnappings, burning of homes, schools and businesses, displacement, escalating prices, lack of food, water, medicine, and work brought about by death squads tied to right-wing sectors of the government and Haitian elite. And armed with weapons imported from the US and Dominican Republic.

"Children are growing up in an environment in which they have nothing," they said. "What happened to [Eliana Telemague](#) [the Haitian mother who died of a broken-heart after she was forced to watch her two-month old infant be burned alive by death squads] is emblematic of what women throughout Haiti are enduring."

In an earlier [International Women's Day](#) statement released by the Women's Interdepartmental Coalition of Haiti, women wrote: "Our children cannot go to school, they are burning down our homes, schools, hospitals, pharmacies and laboratories. We condemn how in 2004, the US, France, Canada and other countries were quick to send forces to Haiti when there was none of this chaos. We see where they have brought Haiti after 21 years of occupation, when they overthrew a popular and democratic government...We are asking for international solidarity to prosecute the criminals, who are financing the gangs in Haiti. We must expose these thieves wherever we find them in Haiti and abroad. We also condemn the US and the Dominican Republic for supplying all the weapons and ammunition that are terrorizing the Haitian people."

#### What Can You Do?

Keep informed about upcoming Haiti solidarity events and actions at [www.haitisolidarity.net](http://www.haitisolidarity.net) and <https://www.facebook.com/HaitiActionCommittee>. #### NATIONAL MARCH ON WASHINGTON: STOP THE GENOCIDE April 5

"On April 5, people across the country will gather in Washington, D.C. to demand an end to the U.S.-Israeli genocide in Gaza! Trump and Netanyahu are unleashing a new chapter in the massacre in their effort to expel all Palestinians from Gaza, but the people in the United States and around the world can stop them and win a ceasefire and an arms embargo. A broad coalition has come together for this pivotal action. Co-sponsors include the Palestinian Youth Movement, The People's Forum, the ANSWER Coalition, American Muslims for Palestine, Democratic Socialists of America, Jewish Voice for Peace, U.S. Palestinian Community Network, U.S. Campaign for Palestinian Rights, Palestinian Feminist Collective, AROC Action, and Al-Awda, and many more are joining." ## Global Strike for Gaza NYC Protest @ UN Headquarters April 7<sup>th</sup>

“This World Health Day, Gaza urgently calls for a Global Strike to stop the genocide. No school. No universities. No work. We must act NOW. As the world focuses on maternal and newborn health, Gaza is being denied the most basic rights to life. Hospitals are destroyed, and mothers and babies are dying from lack of care and being massacred by U.S.-made bombs. Meanwhile, Netanyahu—wanted by the ICC for war crimes—is visiting the White House on the same day. Join us at the UN to demand justice for Gaza! End Zionist war crimes, stop U.S. complicity, and hold the perpetrators accountable. We cannot stay silent while an entire population is starved, bombed, and erased.” Source: Email.

### Rally Against the Mayor's ICE Office at Rikers

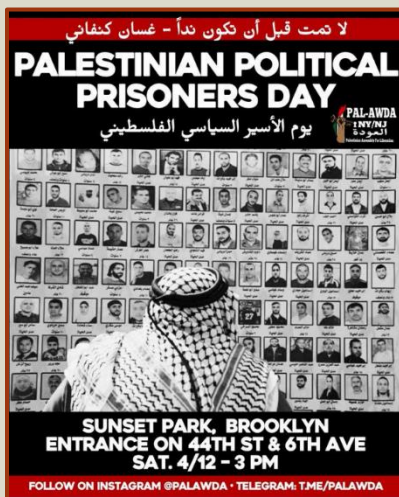

Thursday 4/10, 10 AM  
City Hall Side of Park Row

“This shameful move by Mayor Adams comes after multiple meetings between the Mayor and Tom Homan, the “border czar” charged with carrying out Trump’s mass deportation agenda. Instead of coying up to Trump and attacking immigrants, the Mayor of the City of New York should be working to defend New Yorkers, protect immigrants, and shut down Rikers once and for all.

This morning, we [issued a statement](#) with the Immigrant Defense Project, Families for Freedom, and Make the Road Action rejecting this callous and dangerous move by Adams. Right now, we must stand up and fight back to protect our communities.”

## Pal-Awda NY/NJ: Join us in Sunset Park for Palestinian Prisoners Day April 12

“As the Zionist entity continues to escalate the genocide & starvation in Gaza & the annexation of the West Bank, it now holds over 10,000 Palestinians in torture facilities.

Sunset Park, Brooklyn Entrance on 44th St & 6th Ave

Sat. 4/12 @3 pm. Here in the imperial core, the repression campaign against the movement for Palestinian liberation has drastically expanded.

**ALL OUT TO SUNSET PARK • SAT 4/12 • 3 PM**

It is critical now more than ever to fight for our prisoners, as the Zionist entity and their imperialist backers in the US perpetuate their crimes of illegal kidnapping and administrative detention. The US government, like the Zionist entity, is targeting movement leaders, from campus organizer Mahmoud Khalil to Alfredo “Lelo” Juarez Zeferino, a well-known organizer of farmworkers in Washington State. These targeted arrests, along with the current indiscriminate kidnapping of Black and brown immigrants by ICE,

are being justified in the name of “national security.” How many more have to be killed from torturous conditions in prison, like 17 year-old Walid Khalid Abdullah Ahmad in Megiddo Prison? At New York City’s Rikers Island jails, four incarcerated people have been killed in the past month alone. Our struggles have always been linked and we will uphold this legacy. At the time of Black political prisoner George Jackson’s assassination, a poem by Palestinian poet Samih al-Qasim was found pinned up on his cell, which reads: “I shall not compromise/ And to the last pulse in my veins/ I shall resist.” From the HLF5 to Mahmoud Khalil to Dr. Hussam Abu Safiya, our prisoners represent the beating heart of our movement. Free our prisoners, free them all! DM or email [palawda@proton.me](mailto:palawda@proton.me) to endorse, Follow us on <http://t.me/palawda> for more updates.” Source: Email.

"The Peoples Senate in collaboration with the Reverend Joy Powell Defense Committee and How Our Lives Link All-together (HOLLA) is calling on movement activists in and around New York City to converge for a vigil at the Bedford Hills Correctional Facility, in Bedford Hills, NY on Saturday, June 14, from 3 to 5 pm. Please do not schedule conflicting events for this date and time if you can possibly avoid it. Please help by mobilizing your members and supporters to join our vigil. (Details on how to participate will follow, but a "save the date" message would be a step we hope many will take now.). Please help us by circulating this call to all of your contact lists and collaborators. Below find information on the case of the Reverend Joy Powell and on systematic abuses against the women incarcerated at Bedford Hills by guards and administrative staff. Since October 2024 the Reverend Joy Powell Defense Committee, HOLLA and Survived & Punished have held periodic vigils outside the prison, each one attended by dozens of committed activists. In order to focus attention on what is going on at Bedford Hills we are hoping to generate a participation that will number in the hundreds this time. We believe that such an action could make a tangible difference in the lives of the women and trans community incarcerated in the prison. Please join us in this effort. ### **(Training) In the Spirit of the Freedom Schools-Ongoing**

“Throughout history, Black communities have turned to education as a tool for liberation. During the Civil Rights Movement, Freedom Schools emerged as spaces for collective learning, organizing, and resistance – equipping Black youth and adults with the knowledge to challenge injustice and build a just future. This Black History Month, we invite you to carry forward that legacy by joining one of our racial equity trainings. In this pivotal political moment, shared learning is not just an act of education – it is an act of resistance.

#### **Why Freedom Schools Matter Today**

In the summer of 1964, Freedom Summer activists established over 40 Freedom Schools across the South, educating thousands on Black history, political empowerment, and strategies for

dismantling systemic racism. These schools weren't just about learning; they were about building power and preparing people to take action.

Today, we face new challenges – but the need for race-explicit, justice-centered learning spaces remains. Just as Freedom Schools helped equip people to fight segregation and voter suppression, our trainings provide the tools to address systemic racism in policies, institutions, and daily decision-making. **Step Into This Legacy – Train with Us This Year** [See our full calendar of trainings and find a date that works for you!](#)” Source: Email.

“The liberation of our prisoners has always been at the forefront of the Palestinian struggle. For over 75 years, Zionist prisons have sought to crush the Palestinian revolution, but our prisoners remain steadfast in their commitment to struggle. As the occupation wages a brutal campaign of mass imprisonment, torture, and murder, and repression intensifies here in the imperial core, centering the prisoners’ struggle is more urgent than ever. This commemorative event will feature a panel discussion, live music, and interactive activities centered on our prisoners who represent the national struggle and continue to confront the Zionist regime from behind bars.” Saturday April 19th @ 2pm-6pm, SUMUD Mural, 401 26th St, Oakland, CA.” Source: Email.

“This webinar will present the research and methodology to inspire participants to investigate their own institutional connections to genocide. We will also discuss how to leverage this type of research to drive meaningful change in our communities, hold institutions accountable, and stand in solidarity with the Palestinian people. People across the United States are protesting the billionaires and corporations putting profits over people. Today, for example, is the [National Day of Action for Higher Education](#), which—among other demands—is affirming the right of every student, teacher, worker, and community member to assemble, protest, and speak out on issues of social justice, including Palestine and divestment.

Together, we can [dismantle the power of the genocide gentry](#). Join us next week to learn how.” Source: Email.

## THE ENCAMPMENTS FILM & UNDERSTANDING ZIONISM COURSE April 29-May 16

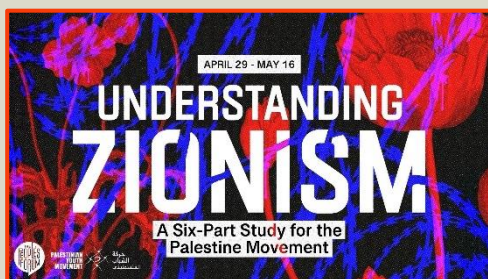

"The Encampments" is a powerful documentary following detained student activist Mahmoud Khalil inside America's student uprising in solidarity with Gaza.

When a group of students at Columbia University in New York launch a movement protesting the war in Gaza, they spark a nationwide uprising in solidarity with the people of Gaza. Encampments spring up at hundreds of campuses as students object to their own university's investment in the US and Israeli arms industry. Featuring detained student activist Mahmoud Khalil, The Encampments takes viewers inside America's student uprising with incredible intimacy and urgency. Professors, whistleblowers, and student activists shed light on a moment that captivated the nation's attention and continues to make headlines today.

Our community is ESSENTIAL to keep Palestinian stories in U.S. theaters for wider audiences to understand our truth. As Palestinian and Arab Youth, we understand the importance of cutting through the mainstream lies about our movement. We encourage all to see this movie!" Source: Email. **Trailer:**

### [The Spirit of Mandela Coalition & the Peoples' Senate Organizing Committee](#)

DID YOU KNOW that in 2021, the U.S was found GUILTY  
of five accounts of genocide against Black, Brown, and Indigenous people??

Dear Friend and Fellow Freedom Fighter,

The Spirit of Mandela Coalition, following up on the October 2021 International Tribunal verdict finding the US Guilty of Genocide against Black, Brown, and Indigenous people (see full verdict [HERE](#)), is calling for the building of a new mass grassroots formation: The Peoples' Senate. The people need to govern and represent

themselves in combating genocide and addressing their right to a just and humane existence. Our vision is for the Peoples' Senate, organized directly by our oppressed communities, to grow into a body which will serve that purpose.

Today our communities face the most egregious violations of our human rights since the civil rights and Black power movements of the 1960s and '70s. Conditions we are living under include random mass shootings, right-wing vigilante attacks, police violence and murder, environmental racism, the reassertion of "states rights" (the "right" of states to ignore basic human rights), and healthcare racism. The US government dangerously scapegoats immigrants; causes destabilization, extreme violence, bombing, and killing of Black, Brown, Indigenous, and poor people all over the globe – and spends billions of dollars to do it; and keeps hundreds of thousands of people living in homelessness and poverty in the US. Our communities are facing targeted attacks against voting rights, workers' rights, women's rights, and Indigenous Peoples' rights as right-wing elected officials and appointed judges roll back decades of hard-won battles for justice. While out-voting right-wing candidates during elections is important, voting alone will not be enough. We must organize to put more pressure on the system for major change.

The US Congress and Senate are representatives of the rich and powerful. They refuse to address the necessity for universal healthcare or a sound nationwide infrastructure providing access to clean water and other necessities. Corporations ignore and violate the needs of the planet while evading their fair share of taxes. US prisons are filled with Black, Brown, Indigenous, and poor people, many incarcerated for crimes they did not commit and/or serving sentences that far outweigh whatever criminal acts they may have committed. The oppressed national communities of Black, Brown, and Indigenous peoples all have political prisoners and prisoners of war incarcerated since the 1960s until today, who have fought for our liberation and are being held in prison unjustly or only released when near death. We want them all freed now!

Building our own Peoples' Senate will enable us to organize locally from a position of strength and connect local activists with others, in other parts of the country, who may be pursuing similar goals while electing "Senators" who are mandated to represent our interests and demands. A Peoples' Senate can fight for changes that protect and ensure our right to vote, our right to control our own bodies, our right to live free from discrimination as LGBTQ+ people, our rights to living wages and safe working conditions, our rights to sovereignty and dignity, and our rights to live free from state violence and abuse.

We invite you to take a look at the attached introduction titled [The Peoples' Senate At A Glance](#). We will present a series of webinar discussions about the Peoples' Senate followed by local and regional meetings to get input and guidance from a wide range of experiences for this organizing project. If you are interested in joining with us in launching these initial steps to build a Peoples' Senate, please fill out the on-line form [HERE](#) as soon as you can. Thank you.

## Section 4: Closing

### Moving Forward

As we move towards accomplishing our goals, we seek to continue to form new alliances to help build a more unified front both nationally and internationally. We look forward to expanding our scope of services as well as increasing our dedicated members, especially reaching out to the youth to carry on the torch of justice for not only our beloved freedom fighters who are now elders **still** in these dungeons, but also for those Political Prisoners who are to come in the future-and surely, they will, given the escalating oppression and fascism that is swiftly seeping through every "right" in this country. Unless a sudden change permeates the power structures, the number of political prisoners will grow. COINTELPRO is still alive and running many missives in which to entrap those who oppose the tyrannical, oppressive & racism regime. Our hope is to unify the people who truly want to move forward towards a better future for all, **not just some**—and to use the power of unified numbers to stand as strong as a spider web against those who have chosen a destructive path to abolish human rights. As our Political Prisoners/Prisoners of War are aging and too many have already died behind these dungeon walls, it is imperative that we as a collective, continue to go even harder in the quest for their freedom. They have been waiting patiently... for 30, 40, 50 years. As Jericho has withstood many obstacles in the past 20+ years, we are still here, and we will not fall back. We are relentless in bringing our beloved freedom fighters' home. *"For to be free is not merely to cast off one's chains, but to live in a way that respects and enhances the freedom of others."* —Nelson Mandela

### Gratitude and Appreciation

It is with great gratitude that we express our sincere appreciation to you-our supporters. Without your help, we could not accomplish all that we do for our Political Prisoner's/Prisoners of War. From helping their families visit them, to assisting with legal and medical needs, to putting monies in their commissary as well as providing forums wherein we can hold events to educate others about our Political Prisoners/Prisoners of War, your support helps make this possible. We know it, and our Political Prisoner's/Prisoners of War know it as well. There is power in the people, and this is where freedom lies. It is because of people such as yourselves, who so graciously give of your time, your donations as well as your thoughts towards this cause, that brings us closer to the day when we can finally say-They are Home at Last....Can you imagine? **After sacrificing for the community**-the community is the one who brings them home. After languishing in a steel dungeon waiting for freedom for decades, when that door finally swings open and they finally step into their family's arms for good, it will be a powerful day indeed.

We are all links that join together as one. No act, no deed is too small. Together we are strong, powerful. We just have to keep going-as they did back in the days when they were fighting the same old oppressive, racist regime.

*"Freedom can never be taken for granted. Each generation must safeguard it and extend it. Your parents and elders sacrificed much so that you should have freedom without suffering what they did. Use this precious right to ensure that the darkness of the past never return."* —Nelson Mandela.

Thank you-for safeguarding and extending the fight for justice, freedom, and human rights. There is a light down the way, it is called our children's eyes. May they know a better world.

As you know, the obstacles to helping free our political prisoners are immense. It is to challenge the superpower and its many facets. It is to fight repression through education, organizing, mobilizing, and creating a movement that embraces freedom and dignity for all people and freedom for all Political Prisoners.

**Your financial support at this time is needed for Jericho's continued work and effectiveness.**

If you cannot support financially, please do continue to read our newsletters, share them widely, tell others about our Political Prisoners/Prisoners of War-volunteer to help us if you can, for everything matters and no sincere deed is left unnoticed. We are the ones, for a prisoner's options are limited, we have the key, we just have to figure out together, how to unlock those doors.
