THE NATIONAL JERICHO MOVEMENT NEWSLETTER
in Fierce Determination Since 1996
Nov. 2025 Vol. 91

**"When the prison doors are opened,
the real dragon will fly out"**
Ho Chi Minh

Revolutionary Greetings,

Welcome to our National Jericho Movement Newsletter. Thank you to all of our members and affiliates who contribute critical information regarding our Political Prisoners/Prisoners of War as well as updates on activities, events, and actions. Moving forward, we stand in fierce determination and solidarity to free our remaining Political Prisoners and Prisoners of War still languishing behind the dungeon walls. Our shared vision is that we will reach a time in this country (and others) wherein there will be no more Political Prisoners/Prisoners of War. We envision the day when they all will walk free and into the arms of their families—who have been waiting for decades. We hope you join us in making this a reality.

Work & Focus

Jericho actively maintains direct connections with our Political Prisoners/Prisoners of War (PP/POW) by visiting or writing them monthly. We also maintain contact with and assist their families. We monitor health & legal status and provide support and intervention. We hold political education classes, table at events, travel to give presentations, interviews and speak on radio shows. We are actively collaborating with and support other movements, organizations and events which are in alignment with our missions and values to break down walls of injustice, racism, oppression, and to Free our Political Prisoners/ Prisoners of War. Part of our work is raising funds to support our PPs as well as their families. Additionally, we are assisting our comrades who have finally come home. We are also focusing on: **In the Spirit of Mandela: The Peoples' Senate**, and invite you to join us! Lastly, we hope you will connect with some of our powerful allies who are hosting events and Calls to Action (past and future). As you can see, there are many "boots on the ground"!

Innallahi wa Innallayhi Raji'un--(From Allah we came and to Him we shall return)
The National Jericho Movement to Free All Political Prisoners sends condolences and prayers to the family, friends, comrades, sisters and brothers of Imam Jamil Abdullah Al-Amin and Imam Talib Abdur-Rashid. Imam Jamil and Imam Talib, we salute you and we honor you. The passing of these great leaders leaves us with the sadness of missing them, but the reality of them returning to Allah staunch, holding firm to their faith and principles, and remaining committed to the fight for justice and freedom gives us a feeling of justice for them. It's the type of justice never to be received in this life. Their passing leaves us with the necessity for serious introspection as we journey on our road to the same end. Their legacy is best preserved by us learning from them and (re)committing to carry the torch that leads to liberation.

THIS IS WAR!

Revolutionary Greetings Comrades!

We greet you old friends, new acquaintances, and allies in deep gratitude for your commitment to support the National Jericho Movement's critical work in supporting our Political Prisoners (PPs) and Prisoners of War (POWs) still inside and those finally released, often after decades of incarceration. Each PP, POW, formerly incarcerated, and their loved ones are grateful for your generous gifts supporting them through imprisonment, dehumanization and oppression.

This is war! All Five Counts of Genocide against Black, Brown, and Indigenous People identified in the 2021 International Tribunal, of which the u.s. was found Guilty, not only still exist, but are ramped up with impunity in our prisons – Count One: Police Violence; Count Two: Mass Incarceration; Count Three: Political Prisoners; Count Four: Environmental Racism; Count Five: Public Health Disparities. <https://spiritofmandela.org/international-tribunal>

Our Freedom Fighters, now Elders, are being genocided. You, your family, friends and acquaintances are their lifeline. Please dig deep, sacrifice. Help with critical Elder releases, and assistance for PPs, POWs and their families. Thank you.

"We are deeply saddened by the loss of Black Panther Veteran Katherine Campbell. Many in San Francisco and Oakland knew her for holding a Free Breakfast Program every year in October to teach the community about the Panthers' survival programs, the last of which she just held at the @blackpantherpartymuseum, alongside her comrades and community. She was dedicated to preserving and promoting the legacy of the Black Panther Party, serving on the Museum's advisory board, giving tours at the Museum, and working with the Black Panther Party Alumni Legacy Network. Her desire for liberation stemmed from her upbringing in the Fillmore, her work developing pictures and doing the layout for the Black Panther Party Newspaper, and her service to the community through the Sickle Cell Anemia Program, Seniors Against a Fearful Environment, Oakland Community School, and the Free Breakfast Program. Serving in the Party from 1969 - 1978, Katherine was a giant in our community and a Panther through and through. She will be remembered for her dedication, her kind spirit, and for always leading with love. She served her people, body and soul, up to the very last days of her life. Dear Friends, Activists and Organizers:

"On October 25th, 2021, at the conclusion of the International Tribunal, an esteemed body of International Jurists found the United States GUILTY of committing Genocide against Black, Brown and Indigenous Peoples (<https://www.youtube.com/watch?v=WhB4Nkl36Bk>). As a result of that finding, it has been decided to remove ourselves from harm and trauma by creating alternative systems of governing, a national strategy and determination identified as the People's Senate. In furtherance of that goal, and because of the heightened reactionary development of this racist-fascist government, we are calling for a National Mobilization Against Genocide. This national convergence of progressive activists from across the country will celebrate our 250 years since the Declaration of Independence of our collective and continued resistance to white-supremacy and fascist terror. While this government of genocide will be celebrating it's founding on the sweat, blood, death and enslavement of Indigenous and Afrikan people, we will be heralding over 500 years of resistance and survival. It is with this understanding we are encouraging progressive activists from across the country to join us in this national convergence strengthening our determination to oppose genocide in all of its nefarious manifestations. If you or your organization intend to support and participate in the National Mobilization Against Genocide, please fill out the form link attached."

NATIONAL MOBILIZATION AGAINST GENOCIDES

JULY 4TH, 2026

ATLANTA, GEORGIA

FORM LINK: <https://forms.gle/dqtKv7eZUVujSkND9>

"Today's reading of the United States Declaration of Independence leaves little to celebrate. The forefathers of the USA called to dissolve the political bonds that connected their new colonies to the British Empire. However, the masses of people living here, created equal in the eyes of God/Allah/the Great Spirit, were in no way treated equally or free by those who proclaimed this land to be the "United States." The truth is this country had replaced the British Empire with another even more genocidal one.

Although many "Americans" on July 4th, 2026, will wave flags and celebrate "bombs bursting in air" for the 250th anniversary of the USA's Declaration of Independence, for many others, the relevance of the Declaration will be centered on a critique of tyrannical leaders and a government celebrating 250 years of genocidal policies and practices.

The Spirit of Mandela coalition, continuing the work of the 2021 International Tribunal that found the US government GUILTY OF GENOCIDE against Black, Brown, and Indigenous Peoples (spiritofmandela.org), will commemorate 250+ years of consistent resistance. We will celebrate the building of new people's movements, united fronts, international alliances, and local initiatives fiercely combatting modern genocide, imperialism, white supremacist oppression, and injustice.

The 19th-century abolitionist, Frederick Douglass, asked, "What to the Slave is the Fourth of July?" (MassHumanities.org). In the legacy of Crazy Horse, Rev. Nat Turner, Gabriel Prosser, Denmark Vesey, Harriet Tubman, and all the freedom fighters throughout history, we respond by taking this moment to redouble our efforts to build and connect mass and popular movements that are truly of the people, by the people, and for the people. The Spirit of Mandela's work to build a Peoples' Senate is a continuum, an integral part of this historic process of resisting the USA's genocidal policies against Black, Brown, and Indigenous peoples, and oppressive actions worldwide. We invite you to help build the Peoples' Senate.

In light of the courageous and continuous history of resistance and freedom struggles, the Spirit of Mandela coalition, in pursuit of building the Peoples' Senate, is calling for a 4th of July 2026 National Mobilization Against Genocides.

On July 4, 2026, we will convene, along with many allies and friends, a grand national convergence in Atlanta, Georgia. We will have culture and conversation, dancing and debate, building unity across ideological lines and beyond geographic and other boundaries. Centered under the leadership of, but not exclusive to, our Black Panther/Black liberation legacy, we will convene to proclaim: No to Genocide Anywhere! Yes to People's Movements and Liberation Everywhere!!!

In the Spirit of all of our many Mandelas, let us once again raise the rallying cry: "Amandla! Awethu!" In English, that has always meant "Power to the People!"

SAVE THE DATE AND CITY! More information will soon be provided!!

A Call for Mass Struggle Against U.S.-Led War on Venezuela and the Caribbean

"Nov 14, 2025 — The U.S. empire, unable to accept the sovereignty, progress, and moral example of the Bolivarian Revolution, is escalating its aggressive attacks against Venezuela. This is by no means an isolated struggle — what started as aggression against Venezuela and the Bolivarian Revolution has already claimed several dozen lives of working-class people in the Caribbean and Pacific, extended to threats against Colombia and its President, been linked to the militarization of Ecuador and Panama, and re-militarized Puerto Rico. This is yet another front in the struggle against U.S. imperialism, and it is interlocked with our movements for liberation in Haiti, Palestine, throughout Our Americas, across the Global South, and within the borders of the United States.

It is the wider ongoing pattern of regional militarization and imperialist control that fundamentally violates the principles of a Zone of Peace, as the U.S. Southern Command (SOUTHCOM) has systematically transformed the Caribbean into a staging ground for its hegemonic projects. Puerto Rico, a colonial territory, is consistently used as a strategic site for the deployment and launch of military exercises, normalizing its status as a forward operating base, while nations like Guyana and Trinidad & Tobago are treated as subordinate "puppet states" that risk their own sovereignty to facilitate U.S. objectives. Simultaneously, Haiti has been cast as a laboratory for imperial policy, where an accelerated militarization and occupation over the last four years has provided a blueprint for intervention. The racist and cynical designation of Haitian paramilitary armed groups as "terrorists" to be eradicated by US-led occupation has done nothing to relieve impoverished, marginalized Haitians from the violence of these "gangs" — because they are a direct consequence of imperialism. And yet, the excuse and label of "terrorism" has now been directly exported to the case of Venezuela. There, the U.S. Department of War cynically compares Caribbean people in fishing boats to Al-Qaeda, a transparent tactic to manufacture a pretext for full military invasion and attack..." **Announcing the publication of *For the baby ancestors in Gaza*
a volume of poetry by Julia Wright**

“Detroit, MI : [Fighting-Words](#) and its publishing team are proud to present a volume of poetry by Julia Wright titled *For the baby ancestors in Gaza and other poems*. Ms. Wright writes in her Introduction “Then came October 7th and the genocidal months over two years of writing near daily poems for Palestine, as if I was keeping a journal and as if the least I could do was to give CPR at a distance.”

Julia Wright is the elder daughter of the late African American novelist, journalist and poet, Richard Wright. She is a descendant of the survivors of the 1919 Elaine Massacre through her lynched great uncle, Silas Hoskins. A Pan Africanist, she served under Kwame Nkrumah until the CIA-abetted coup d'etat in Ghana in 1966. She subsequently worked with James Forman in SNCC and went on to attend the first cultural Pan African Festival in Algiers alongside Kathleen and Eldridge Cleaver of the Black Panther Party. In Paris, France, she cofounded, in 1995, Wednesday rallies for political prisoners Mumia Abu-Jamal and Leonard Peltier, that are still ongoing.

The Foreword to Ms. Wright’s book of poems is by Yousef M. Aljamal, editor of *If I Must Die* and executor of the papers of Refaat Alareer, poet and teacher targeted and murdered in Gaza by the Israeli Occupation Forces.

This 68-page volume contains 29 poems and sells for \$5 plus \$3 for shipping per volume. It can be ordered via email to moratorium@moratorium-mi.org. CashApp payments can be made to \$MoratoriumNow1 or checks can be sent to Moratorium Now Coalition, 5920 Second Avenue, Detroit, MI 48202.

“Julia's poems have been a reflection of the tragedy and the beauty, the desecration and the joy of this moment - connecting ... each of us, no matter where we are in the world, to Palestine and the Palestinian people.”

– Douglass digs DeCandia, abolitionist poet and farmer, Spirit of Mandela coalition

“Julia Wright once again makes an enormous cultural contribution to the struggle against imperialism in Palestine and around the world.” – Abayomi Azikiwe, Editor, Pan-African News Wire

“... receiving your poems daily as the genocide rages on; as the sadness, horror, and feelings of helplessness continue; as the extraordinary Palestinian sumud endures; and as each day dawns, finding a place in your poems to be with all of that...” – Verbena Lea, organizer, Detroit Jericho, Peoples’ Senate” Source: Email.

"The dolphins are getting Alzheimer's from algae blooms
 caused by warming waters and toxic runoff
 and you could see the bloodstains in Sudan
 from space.
 The cobalt is mined by children
 and the music is made by robots
 and the grownups are wondering
 where the fireflies went.
 It is an elephant with an eyepatch and a prosthetic leg.
 It's a freshly emptied bed in the nursing home.
 A hand offers you pills to numb the dissonance,
 but you swat it away and howl naked in the thorns.
 Somewhere there's an ibis on a piano
 in a junkyard in the rain.
 Somewhere else there's a small boy
 who has just learned the word "treasure".
 "Look! Buried treasure!" he tells his dad.
 "No. That's just glass worn smooth by the sea."
 "Is that treasure?"
 "No, that's just a shiny candy wrapper
 shimmering in the sun."
 "Ooh! THIS is treasure!"
 "No that's garbage. Put it down."
 And the boy's vision changes
 and he no longer sees the treasure in things.
 He runs to join his dad
 and they walk together down the shore

through a dying world
 of fading wonder
 full of worthless beach trash.
 "He is wrong," you whisper
 as the blood leaves your body.
 "There is treasure everywhere."

books leaning
 this way and that

your wife writing

Well before your children
 whose voices played
 around us grew silent

and were erased from

If I could get there
 on my own

would you two still be alive

Muslims to mourn the passing of Imam Al-Hajj Talib Abdur Rashid

By [Mutiu Olawuyi](#)

“One of the most revered voices in Black American Islam, Imam Al-Hajj Talib Abdur-Rashid of The Mosque of Islamic Brotherhood, has passed away, leaving Harlem and the broader Muslim community in profound grief. His death marks the end of nearly five decades of leadership, scholarship, and activism rooted deeply in the tradition of Malcolm X and the Black liberation legacy of Harlem.

Imam Talib served as leader of the Mosque of Islamic Brotherhood since 1988, succeeding the late Shaykh El-Hajj K. Ahmad Tawfiq al-Azhari, under whom he trained as assistant imam. His spiritual lineage traces directly back to El-Hajj Malik El-Shabazz, making him, as community leaders describe, “a living chain” to one of America’s most influential Muslim figures. His impact was felt far beyond the walls of the mosque, reaching deep into the civic, cultural, and political life of New York City.

This past week, Imam Talib delivered the closing prayer at the Urban League Empowerment Center grand opening in Harlem. Today, the organization expressed sorrow over his passing, saying they were “deeply grateful” for the wisdom he shared and would hold his words “even closer” as they mourn alongside his family and community.

Community tributes have been pouring in since the announcement of his death. Global Islamic historian Shaykh Abdullah Hakim Quick described him as “a courageous Imam, a deep thinker, a beloved father, and a dedicated community activist.” He prayed that Allah accept Imam Talib’s sacrifice and reunite him with the Prophet at the Hawd, the sacred fountain on the Day of Judgment.

Muslim Media Corporation founder Sheikh Musa Drammeh echoed that sentiment, calling him “one of the greatest Muslim leaders of our time,” a man who propagated Islam not just with words but with character and compassion. “May Allah grant him Jannat al-Firdaws,” he said.

Mayor-Elect Zohran Mamdani sent this message through X, “Saddened to learn about the passing of Imam Talib Abdur-Rashid, a pillar of the African-American Muslim community in Harlem and for Muslims across NYC. My heartfelt condolences go out to his family and the community during this difficult time. Inna lillahi wa inna ilaihi raji’un.” Adama Bah, immigrant rights activist and founder of Afrikana, spoke emotionally about the weight of losing an elder who fought tirelessly for future generations. “You can’t talk about Harlem without mentioning his name, and you can’t talk about Black Muslims without honoring his legacy,” she said. “The legacy they leave behind lives on through the people they struggled for.”

Muhammadd Anwaarul-Haq, an Islamic scholar, emphasized Imam Talib’s role as a direct intellectual and spiritual descendant of the Malcolm X tradition. “He served the NYC community for almost 50 years,” he said, noting Imam Talib’s mentorship under Shaykh Tawfiq, who himself studied under El-Hajj Malik El-Shabazz. “That means he is our direct sanad—our spiritual chain—to Malcolm X. Along with being an impeccable scholar dedicated to knowledge, worship, and piety, he was a dynamic community leader who understood that spirituality and service must go hand in hand.”

Anwaarul-Haq also revealed the Imam’s behind-the-scenes influence in civic life, noting that Imam Talib played a significant role in helping Mayor-elect Zohran Mamdani build community trust during his rise to political leadership. “His advice, experience, and community networks were priceless. He was active until yesterday, still posting community updates.”

Imam Talib’s passing leaves a void in Harlem and across New York that many fear cannot easily be filled. For decades, he stood at the intersection of faith, justice, and community, mentoring youth, advocating for the poor, challenging oppression, and protecting the legacy of Black Muslim history. His mosque became a beacon not just for worship, but for organizing, healing, and empowerment.

As Harlem mourns, the call to honor his legacy grows louder: to continue the work he dedicated his life to—uplifting the marginalized, pursuing justice, and embodying the compassion and dignity he preached.

Funeral arrangements will be announced by the Mosque of Islamic Brotherhood.

Innā lillāhi wa innā ilayhi rāji’ūn. To God we belong, and to Him we return. May Imam Talib Abdur-Rashid rest in eternal peace.” Source: Email.

Help our Brother Tag's Important Research Efforts in NC

"Peace Family, Friends and Comrades -This fundraiser is being put together on behalf of a very special dedicated and respected comrade who puts in the hours proactively, physically and mentally to grassroots organizing works and teaching undergrad. Our comrade, Tag is journeying into getting his PhD in Cultural Linguistic Anthropology and is in the process of finishing his dissertation which is requiring a lengthy stay in the Carolinas for the next four months September to December. The thought to make this fundraiser was not requested by him, but was developed out of consideration for all the time, effort and hours he puts into picking up the work as an organizer. Tag is a kind, and thoughtful individual to everyone he crosses paths with. We believe a lot can be learned from his individual principals and values. He unofficially uses "We" pronouns just going to

show how little he thinks of himself and puts forth all of what's needed in a togetherness way. To thank Tag for all of the work he puts in as a family oriented man, Father, friend, and comrade, we wanted to do something for him. We wanted to extend to him in another way all the assistance he's given to us. The request is not to empty your wallets, but to give from your heart. Support is what we do and the hope is that we can do just that in this instance, show up and support our dear friend and comrade to go to the next level of academic achievement to expand his work portfolio as a scholar and college educator. Thank you so much for your support of our friend and comrade. With peace, love & unity 🙌 " <https://www.gofundme.com/f/help-our-brother-tags-important-research-efforts-in-nc>

National Day of Mourning

Leonard Peltier Statement on National Day of Mourning 2025

'From UAINE: Leonard Peltier also has sent us a WRITTEN STATEMENT in addition to the video that we all saw at National Day of Mourning 2025. Here's what he wrote: LEONARD PELTIER – DAY OF MOURNING 2025 ©'

"Every day has been a Day of Mourning for a few centuries now. Every day has also been a victory.

Every one of us is a battle that has been won.

Our ancestors have survived the slaughter of those who sought to end us. The Trail of Tears. The Wounded Knee Massacre. The endless brutal attacks. The corrupt Washington policy meant to erase us.

They want to erase that history, you know. They are giving medals back to Cavalrymen who slaughtered over 250 people. They want to sugar-coat that memory. That's not going to happen – the truth is the truth.

We should not have to insist that we have not vanished. We will be seen. We will be heard. Our children will grow and thrive. Our history, unlike that of the colonizers, is real. It is passed down and rooted in the earth.

Their history changes with every new book they write.

We have won battles, but make no mistake, the war rages on. Now more than ever, we must stand up for our treaty rights. If we lose those, we cease to exist as a people.

We are the First People. Mother Earth herself forges our bodies and ignites our blood. Perhaps they realize our spirits are one. Maybe they understand that we belong to the forces of nature – they can't dominate the wind. Maybe they harbor a jealousy they don't understand. We are a people with riches they will never know.

I made it home, home to my people.

The drums I heard outside the British Columbia jail have sustained me through 49 years of waking up in a coffin every morning.

You cried, "Don't let them kill you!"

I did not let them kill me.

It has been close—I've seen death approaching more than once.

I want to extend my heart to the supporters who fought for my freedom. You gave me my mass public outcry. It consisted of a pressure that persisted and intensified for five decades.

We must unite — red, yellow, black, and white. If we don't stand together, we will face defeat before we even begin. Raise your voice, not your fist. Violence will land you in your own prison cell.

Let's prove that we can change the world without declaring war on it.

Reservations, meant to be sovereign nations, are all too often concentration camps. We live in dangerous times. Our people have been targeted for hundreds of years. Others are finding out that civil rights are nothing but words. Dangerous words, when you believe they protect you.

Mother Earth is in trouble — she has been stripped of almost all that sustains life.

We have made progress. There are Indigenous-owned businesses. Kids from reservations are earning degrees, although they have nowhere to live when they return. I am home. I have an awesome new cell, but it is still a prison cell. I must get approval for every move I make.

As I said, the war rages on. My personal freedom, once more, reflects our freedom as a People. We must unite with one another and our allies to face the storm we know is coming.

We must face what lies ahead with our heads held high and our spirits intact. We have faced their atrocities for hundreds of years, and we remain undestroyed. We draw our strength, our very breath, from the Great Spirit. They have their billionaires. There is no fortitude in a dollar bill.

In the Spirit of Crazy Horse, Doksha, Leonard Peltier" <https://www.youtube.com/watch?v=UI9U3ppkN3s&t=3s>

Native American Girls Describe the REAL History Behind Thanksgiving | Teen Vogue

<https://danceforallpeople.com/haudenosaunee-thanksgiving-address/>

"Greetings to the Natural World

The People

Today we have gathered and we see that the cycles of life continue. We have been given the duty to live in balance and harmony with each other and all living things. So now, we bring our minds together as one as we give greetings and thanks to each other as people.

Now our minds are one.

The Earth Mother

We are all thankful to our Mother, the Earth, for she gives us all that we need for life. She supports our feet as we walk about upon her. It gives us joy that she continues to care for us as she has from the beginning of time. To our mother, we send greetings and thanks.

Now our minds are one.

The Waters

We give thanks to all the waters of the world for quenching our thirst and providing us with strength. Water is life. We know its power in many forms- waterfalls and rain, mists and streams, rivers and oceans. With one mind, we send greetings and thanks to the spirit of Water.

Now our minds are one.

The Fish

We turn our minds to the all the Fish life in the water. They were instructed to cleanse and purify the water. They also give themselves to us as food. We are grateful that we can still find pure water. So, we turn now to the Fish and send our greetings and thanks.

Now our minds are one.

The Plants

Now we turn toward the vast fields of Plant life. As far as the eye can see, the Plants grow, working many wonders. They sustain many life forms. With our minds gathered together, we give thanks and look forward to seeing Plant life for many generations to come.

Now our minds are one.

The Food Plants

With one mind, we turn to honor and thank all the Food Plants we harvest from the garden. Since the beginning of time, the grains, vegetables, beans and berries have helped the people survive. Many other living things draw strength from them too. We gather all the Plant Foods together as one and send them a greeting of thanks.

Now our minds are one.

The Medicine Herbs

Now we turn to all the Medicine herbs of the world. From the beginning they were instructed to take away sickness. They are always waiting and ready to heal us. We are happy there are still among us those special few who remember how to use these plants for healing. With one mind, we send greetings and thanks to the Medicines and to the keepers of the Medicines.

Now our minds are one.

The Animals

We gather our minds together to send greetings and thanks to all the Animal life in the world. They have many things to teach us as people. We are honored by them when they give up their lives so we may use their bodies as food for our people. We see them near our homes and in the deep forests. We are glad they are still here and we hope that it will always be so.

Now our minds are one

The Trees

We now turn our thoughts to the Trees. The Earth has many families of Trees who have their own instructions and uses. Some provide us with shelter and shade, others with fruit, beauty and other useful things. Many people of the world use a Tree as a symbol of peace and strength. With one mind, we greet and thank the Tree life.

Now our minds are one.

The Birds

We put our minds together as one and thank all the Birds who move and fly about over our heads. The Creator gave them beautiful songs. Each day they remind us to enjoy and appreciate life. The Eagle was chosen to be their leader. To all the Birds-from the smallest to the largest-we send our joyful greetings and thanks.

Now our minds are one.

The Four Winds

We are all thankful to the powers we know as the Four Winds. We hear their voices in the moving air as they refresh us and purify the air we breathe. They help us to bring the change of seasons. From the four directions they come, bringing us messages and giving us strength. With one mind, we send our greetings and thanks to the Four Winds.

Now our minds are one.

The Thunderers

Now we turn to the west where our grandfathers, the Thunder Beings, live. With lightning and thundering voices, they bring with them the water that renews life. We are thankful that they keep those evil things made by Okwiseres underground. We bring our minds together as one to send greetings and thanks to our Grandfathers, the Thunderers.

Now our minds are one.

The Sun

We now send greetings and thanks to our eldest Brother, the Sun. Each day without fail he travels the sky from east to west, bringing the light of a new day. He is the source of all the fires of life. With one mind, we send greetings and thanks to our Brother, the Sun.

Now our minds are one.

Grandmother Moon

We put our minds together to give thanks to our oldest Grandmother, the Moon, who lights the night-time sky. She is the leader of woman all over the world, and she governs the movement of the ocean tides. By her changing face we measure time, and it is the Moon who watches over the arrival of children here on Earth. With one mind, we send greetings and thanks to our Grandmother, the Moon.

Now our minds are one.

The Stars

We give thanks to the Stars who are spread across the sky like jewelry. We see them in the night, helping the Moon to light the darkness and bringing dew to the gardens and growing things. When we travel at night, they guide us home. With our minds gathered together as one, we send greetings and thanks to the Stars.

Now our minds are one.

The Enlightened Teachers

We gather our minds to greet and thank the enlightened Teachers who have come to help throughout the ages. When we forget how to live in harmony, they remind us of the way we were instructed to live as people. With one mind, we send greetings and thanks to these caring teachers.

Now our minds are one.

The Creator

Now we turn our thoughts to the Creator, or Great Spirit, and send greetings and thanks for all the gifts of Creation. Everything we need to live a good life is here on this Mother Earth. For all the love that is still around us, we gather our minds together as one and send our choicest words of greetings and thanks to the Creator.

Now our minds are one.

Closing Words

We have now arrived at the place where we end our words. Of all the things we have named, it was not our intention to leave anything out. If something was forgotten, we leave it to each individual to send such greetings and thanks in their own way.

Now our minds are one."

Political Prisoner of the Month Highlight

Chubbuck, Byron Shane (Oso Blanco)

First Nations Political Prisoner

Contact Information/Prison Address

#07909-051 USP Atwater
PO Box 019001, Atwater, CA 95301, United States

Birthday: February 26, 1967

Affiliation: *Ejército Zapatista de Liberación Nacional*, EZLN Defender

Captured: 1999 – **Release Date** 2071

“Oso Blanco became known by the authorities as “Robin the Hood” after the FBI and local gang unit APD officers learned from a CI that he was robbing banks to send thousands of dollars to the Zapatista Rebels of Chiapas regularly during 1998 and 1999.

He is now serving 55 years in prison for bank robbery, aggravated assault on the FBI, escape and firearms charges. Oso Blanco defended himself from federal agents in a gun battle on August 13th 1999 at his home in Albuquerque, New Mexico. Although he escaped, he was arrested later that day and sentenced to time in New Mexico’s state Penitentiary. After serving just over a year in New Mexico, he escaped from a prison transport van and almost immediately began robbing banks. He was recaptured a short time later. Oso Blanco never used a gun in any bank robbery, but he has a long history of living by the gun and will not hesitate to use it on the agents of repression or the occupiers of Aztlán who force false laws on the true people of this land.

He is not asking for monetary support; he’s only asking that people become aware of indigenous people’s issues. In an interview he expressed “I am still able to hold my head up high and feel the gratification for my work in a world where money, power and destructive industries are regarded far above humanity, indigenous and impoverished peoples and cultures. I cannot help that I got deeply into my work....”

“We shall no longer kill Mother Earth and everything else just to have modern technologies and pay for death as tax slaves. We shall rise up refusing to be slaves to commerce and political lies, in our own Land.” “We shall be High master” – High master of the heart Realm of Higher Consciousness.

Please support the Brown Berets, Please send aid to the EZLN, I AM OSO BLANCO de Aztlán.”

Current & Former Political Prisoner (and Politicized) Voices

Rashid poem in remembrance of his son, who was recently shot and killed

THE GREATEST HEARTACHE (2025) *

By Kevin "Rashid" Johnson

“For the darker hue
It remains like slavery of olden days
At any moment
One's dearest could be
Sold away
Or their existence
Stole away
Heartache wrenched from smiles
On a day
Begun with sunshine
Defiled...
Each moment lived
Pregnant with fear
Will the next be mine
Whose life is likely
To be torn asunder
Whose child might be
Going under
The cold hard earth?

The very life one birthed...
 How does one give adequate
 Words or verse
 To the loss
 Of one's son or daughter?
 How grievous the cost
 Paid out of time, place and order
 Stolen by a heartless thief
 Pain that numbs
 And defiles
 Resentment that comes
 From time together too brief
 Words that express the deepest pain
 Are all too mild
 There is no grief
 That compares
 To the death of one's child"

"* Dedicated to my son Kwaivon Dejesus, who was gunned down on Oct 29, 2025 while attending a funeral in Richmond, Virginia, shortly after being released from prison."

3. Jeff Fort: 78-Year-Old Political Prisoner Hospitalized After Collapsing at ADX Florence Supermax Prison--“Jeff Fort, a 78-year-old federal prisoner who has spent 19 years in extreme solitary confinement at ADX Florence—the federal Bureau of Prisons' most restrictive facility—was recently hospitalized following a sudden medical emergency that left him unconscious in his cell with a head injury.

Around October 19, 2025, Mr. Fort experienced an abrupt blackout with no warning signs, falling from a standing position and striking his head on the concrete floor of his cell. Correctional officers found him unconscious and disoriented. He was rushed by ambulance, where he underwent extensive emergency diagnostic testing, including CT scans, blood work, and cardiograms at a local hospital. This incident has raised grave concerns about his deteriorating health and the risks posed by his continued confinement under extreme isolation at ADMAX.” “Mr. Fort experiences ongoing difficulty breathing during the day and shortness of breath at night. He has a documented history of blackout episodes dating back to 2006-2007, typically with warning signs that allowed him to protect himself—but this recent incident provided no such opportunity. He also struggles with CPAP therapy and has experienced significant weight loss—dropping to approximately 180-185 pounds, which is likely linked to dental issues and delays in receiving dentures that make eating difficult.” “Mr. Fort's legal team, led by attorney Jenipher R. Jones, with independent medical advisor Dr. Barbara Zeller, is actively pursuing multiple avenues for relief. “The combination of advanced age, serious medical issues including fainting spells and breathing difficulties, significant weight loss, and 19 years of extreme isolation creates an unconscionable situation,” stated Jenipher R. Jones, Esq., Mr. Fort's attorney with For the People, LLC. “Keeping a nearly 80-year-old man under these conditions is medically dangerous. We look forward to working with the Bureau of Prisons to improve this situation. **How You Can Help** Do **NOT** call the prison, but instead visit www.freefort.org to join the email list to find out how to:

- Support Mr. Fort's **request for immediate medical transfer** to an appropriate facility
- Advocate for **executive clemency** consideration given his age, health, rehabilitation, and the extreme nature of his confinement.” Source: Email.

Urgent Call to Action for Political Prisoner Rev. Joy Powell

"Greetings Everyone, I just had a disturbing call from Rev. Joy Powell, about incidents which occurred over the course of the last two days that may or may not have been intentionally perpetrated by state employees, but nonetheless have resulted in injuries to Rev. Joy's hand, her arm, and other parts of her body, for which she also explained her concerns about her wrist which had already been fractured on multiple occasions before, and yet she is being denied medical attention she was promised by staff officer's on duty she would get and hasn't. A member of the National Guard is the person responsible for multiple injuries, which happened in two separate incidents but involved facility movement where a gate and door were closed without warning before Rev. Joy had safely cleared from the entrance in question. The person's last name responsible is Johnson, he is a part of military reservist unit assigned to that facility.

Bedford Hills permanent facility staff involved names are Rios, and Lopez, both of them have lied to Rev. Joy about transporting her to medical for x-rays and any other medical treatment needed. One of the Women Beater Brigade, Officer Shakel, has told Rev. Joy during previous incidents that a broken wrist or arm is not considered a medical emergency by Bedford Hills.

There were witnesses to these events; they too were harassed and chastised by staff officer Ortiz just for questioning staff and inquiring about Rev. Joy's well-being and imploring staff to provide her with needed medical attention.

They've locked Rev. Joy up in her cell and sought to ignore her at this point. She needs everyone to please make the following phone calls asap, since we're late into the day on a Friday following a holiday, and please vociferously demand that Rev. Joy receive immediate medical attention for her injuries suffered, and that these incidents which possibly involve acts of targeting by the National Guard member and other facility staff be fully investigated.

Letter Writing Script

Dear [Recipient's Name or Title],

I am writing to urgently demand immediate medical attention for Rev. Joy Powell (#07g0632), currently incarcerated at Bedford Hills Correctional Facility. Over the past two days, Rev. Powell has suffered multiple injuries, including to her wrist and arm, after incidents involving a National Guard reservist identified as Johnson. Despite promises from staff, she has been denied medical treatment, including radiology services and evaluation for her injuries.

Facility staff members Rios and Lopez misled her about medical transport, while Officer Shakel stated that a broken wrist or arm is "not considered a medical emergency." Witnesses to these events were harassed by Officer Ortiz simply for advocating for Rev. Powell's well-being. Rev. Powell has now been locked in her cell and ignored, despite her urgent medical needs.

I demand the following actions without delay:

1. Rev. Joy Powell must receive immediate medical care, including radiology services and treatment for her injuries.
 2. A full investigation into the conduct of National Guard member Johnson and staff Rios, Lopez, Shakel, Ortiz.
 3. Accountability measures to ensure staff do not retaliate against witnesses or deny medical care in the future.
- This situation is a matter of health, safety, and human rights. Please act swiftly to ensure Rev. Powell's well-being and to uphold the standards of care and accountability expected of your office.

Sincerely, [Your Name] [Your City/State] [Optional: Your Organization/Group]

Lynne Stewart!**

"Lynne Stewart is a radical human rights attorney who has devoted her life to the oppressed – a constant advocate for the countless many deprived in the United States of their freedom and their rights. Lynne has been falsely accused of helping terrorists in an obvious attempt by the U.S. government to silence dissent,

curtail vigorous defense lawyers, and install fear in those who would fight against the U.S. government's racism, seek to help Arabs and Muslims being prosecuted for free speech and defend the rights of all oppressed people. She was arrested in April 2002 and arraigned before Manhattan federal Judge John Koeltl, who also presided over her trial in 2004. She was convicted, and received a 28-month sentence in October 2006. However she was free on bail until 2009, when the government appealed the sentence. In late 2009 Lynne was re-sentenced to 10 years in federal prison." <https://www.thejerichomovement.com/partners/lynne-stewart-organization>

History & Background

750 Nostrand Avenue, located in the heart of #BlackBrooklyn has been the longtime home of the beloved [The Black Lady Theatre](#), owned and operated by the African-American father-son duo, [Clarence Jr. 2X Hardy Shabazz & Chief Minister Omar Hardy](#) since 1999. In January 2018, The Hardys discovered that the three-story building at 750 Nostrand Ave had been reportedly sold in a tax-lien foreclosure auction – an action for which the Hardys were never notified or properly served. What has unfolded since is not an isolated incident, but the continuation of a longstanding political and racial attack that began years earlier.

The theatre's founding member, Judge John L. Phillips Jr. faced political retaliation after deciding to run for office against then-District Attorney Charles "Joe" Hynes. The subsequent theft of this property represents the fallout of years of systemic targeting and planning, weaponizing legal and political power to dismantle a Black institution and seize its cultural and economic value. Today, Chief Minister Omar Hardy is still engulfed in a raging legal battle for the property's return. Meanwhile, notorious landlord of [The OutPost Club](#) and predatory developer, [Mendel Gold](#) has since been indicted for fraud and submitting falsified documents in another case.

INTERNATIONAL DAY OF ACTION FOR PALESTINE: Nov 29

“JOIN AN ACTION NEAR YOU ON NOVEMBER 29TH! For over two years, the people of the world have stood with Palestine. As the U.S. moves to occupy the Gaza Strip through a Trump-imposed “Board of Peace” and American troops on the ground, the time is now for our movement to reassert our demands and drive the struggle forward.

On November 29th, we take to the streets. From wherever we are, we will demand an arms embargo now. We will continue confronting Zionism and holding those in power to account for as long as it takes.

The struggle continues this November 29 — we’ll see you on the streets!”

Out-FM online: World AIDS Day Protest Dec 1

“The Trump presidency is turning out to be a disaster worldwide for many people with AIDS, many of whom may lose their lives from it. At the activist forefront of fighting President Trump’s devastating and illegal budget cuts have been AIDS activists. One of the groups fighting at a worldwide level is Health GAP. This Global Access Project advocates for inexpensive generic AIDS drugs, funded in part by developed nations, through the Global Fund and through a US government program called PEPFAR. That’s short for the Presidential Emergency Program for AIDS Relief. Joining us to discuss this was Asia Russell, a longtime ACT UP/Philadelphia member and co-founder of Health GAP, now its director.

John Riley also spoke with ACT UP/Pittsburgh re-founding member Michael Tikili about how the chapter has focused its efforts since its re-founding in June of this year. Michael discussed the newly formed ACT UP/Nation, which has spurred the rebirth of several ACT UP chapters including in Cleveland, Boston, and Pittsburgh. He also discussed the upcoming actions to mark World AIDS Day next Monday. Info on Buses from NYC

Call for donations - medical crisis for Stop Cop City defendant

**STOP COP CITY RICO DEFENDANT AND

 THUS, MEDICAL INSURANCE HAS A
 POTENTIALLY LIFE THREATENING DENTAL
 EMERGENCY AND NEEDS TO RAISE \$2K
 THIS WEEK**

[HTTPS://SUPPORTPRISCILLA.ORG/#DONATE](https://supportpriscilla.org/#donate)

"Our comrade and [#stopcopcity](#) defendant @grimwomyn is dealing with a serious dental emergency. A dangerous infection has spread in one of her teeth, and she urgently needs a root canal. She doesn't have dental insurance, and despite months of trying, hasn't been able to secure a job that provides benefits or pays enough to cover major medical care.

Although the judge in the Stop Cop City case has indicated the RICO charge will be dropped, the written decision has not yet been submitted and the domestic terrorism charge is still active. These unresolved charges continue to block her from being hired in jobs that offer insurance or a living wage, leaving her without access to basic healthcare.

She's trying to raise \$3,000 this week to get the procedure before the infection spreads further. Without treatment, she risks losing more teeth—and untreated dental infections can lead to life-threatening complications, including heart issues. The only alternative is a full extraction, which could destabilize the rest of her teeth and require additional costly procedures. If you can help or share, it means everything."

"As Israel mocks the so-called "ceasefire" by increasing its brutal, deadly attacks on Palestinians throughout the Occupied Palestinian Territories and continuing to block the entry of desperately needed aid into Gaza, it becomes increasingly clear that the solution called for by Palestinian Civil Society—a UN General Assembly Uniting for Peace resolution mandating the deployment of a multilateral protection force comprised of troops from non-complicit countries, implementing sanctions and a weapons blockade, and more—is the only path forward. To learn more about the organized Palestinian civil society position, please read the important recent statement from PNGO—the largest collective representation of Palestinian civil society—titled "Palestinian NGOs Network (PNGO) Affirms Inalienable Rights and Calls for Urgent International Protection":

Preparing for the Federal Domestic Terrorism Apparatus Nov 10

**Preparing for the Federal

As the administration moves to expand its domestic terrorism
framework, new policies and rhetoric are raising alarm among
social justice advocates. A recently issued presidential

directive, [National Security Presidential Memorandum](#) (NSPM-7), reportedly identifies a range of progressive,
"anti-American," and "anti-Christian" beliefs as potential indicators of "terrorism." Paired with inflammatory
claims about so-called "transgender extremism" and Donald Trump's executive order targeting "Antifa," these
developments signal a disturbing effort to criminalize dissent and stigmatize marginalized communities.
The National Lawyers Guild Review ([NLGR](#)) will bring together activists, legal experts, and organizers to unpack
what these shifts mean in practice. This urgent conversation comes amid growing political attacks, including
Representative Lance Gooden's (R-TX) formal request that the Department of Justice investigate the National
Lawyers Guild (NLG) over its alleged association with "Antifa" or "antifascism." Together, we'll explore:

- What's new and concerning about the federal domestic terrorism apparatus.
- How these policies may target activists, trans people, and other vulnerable communities.
- Practical steps for staying informed, secure, and organized." Source: Email.

DEAF LIVES IN GAZA THE OLIVE GARDEN Jewish Palestinian American Support Association

"We're hosting a powerful webinar tomorrow, "Deaf Resilience in Gaza," centering Deaf Palestinians who are surviving genocide and building community through unimaginable loss.

These are young people who live the reality we talk about, speaking in Arabic and English Sign Language to bring their truth to the world. Their voices, their hands, their courage, this is resistance, and it deserves to be witnessed.

It's painful to admit, but too often, when we create spaces like this, only a handful of people show up. Meanwhile, the same question echoes: "What can we do?" , "We feel helpless" The answer is here..... show up, listen, learn, and support.

Our mutual aid programs are another concrete way to help. If you've been searching for ways to make a difference, start here.

Please register, share this widely, and stand with us in amplifying the stories and survival of Gaza's Deaf community. Showing up matters. Listening is an act of

solidarity." Register here: <https://www.zeffy.com/en-US/ticketing/deaf-resilience-in-gaza> Source: Email.

“The Global Solidarity for Peace in Palestine coalition writes: The Global Solidarity for Peace in Palestine coalition invites your participation in an online presentation about The International Campaign to Free Marwan Barghouti. The campaign was launched in 2013 from the cell where Nelson Mandela had been confined, in Robben Island, South Africa. Advocates for Marwan's release believe he can have a unifying effect among numerous groups of people.

Speakers will include:

- Fadwa Barghouti, spouse of Marwan Barghouti
- Arab Barghouti, son of Marwan Barghouti, Free Barghouti Campaign
- Moharram Barghouti, founder of Barghouti Campaign

Marwan Barghouti has been unjustly imprisoned by Israel for over two decades, convicted in a trial by a court he did not recognise.

Yet he remains Palestine's most popular leader, a unifying voice for Palestinian rights, freedom and dignity — often called Palestine's Nelson Mandela.

Global Solidarity for Peace in Palestine (GSPP) is a coalition of organizations from around the world committed to defending the rights of Palestinians and ending the occupation. Our movement is built on the principles of justice, human dignity, and respect for international law.

[Defend Media] Law and Disorder Radio November 17

“On Monday, November 17, 2025 and throughout next week co-hosts Michael Smith and Jim Lafferty speak with historian Paul LeBlanc on the tremendous victory of Zohran Mamdani in the race for mayor in New York City. Hosts talk with LeBlanc about this political trend and how it may **portend a rollback** of the authoritarian and fascist forces now governing America.

Hosts then look at the response to the recent education code passed in California called **AB715**. It will allow teachers to be monitored in what they teach about Israel and Palestine. Critics of the amendment say it essentially conflates the criticism of Zionism with antisemitism and could arbitrarily punish educators.

Returning guest Professor emeritus Marjorie Cohn discusses the AB715 critique and her recent article about the lawsuit brought against state leaders on behalf of California public school teachers and parents of students.

"Alhamdulillah, Sami Hamdi is free—home in London with his family after more than two weeks in ICE detention. His case is a warning: this government is willing to go to extreme lengths to punish those who speak unapologetically for Palestine. I had the honor of serving on Sami's legal team. I saw firsthand the toll this took on him, his family, and the community. But for Allah's mercy, the relentless fight from all of his lawyers, and the power of your calls, emails, and prayers, he could still be detained. That pressure mattered. It worked.

Now, we need to talk about what this means for all of us.

Join us for a critical conversation:

Targeted But Not Silenced: The Unjust Detention of Sami Hamdi

- Wednesday, Nov. 19, 5:00pm Pacific
- Register: bit.ly/sami-webinar

You'll hear directly from Sami and members of the CAIR-CA legal team—including me—about:

- What it meant to be unjustly imprisoned by the U.S. government.

- The strategy behind the fight for his release.
- What his case tells us about the growing crackdown on dissent and pro-Palestine voices.
- The ongoing detention of thousands of immigrants in California and across the U.S.

This isn't theoretical. It's about our safety, our ability to organize, and our responsibility to show up when the government tries to make an example of us.

Join us as we say: We may be targeted, but we will not be silenced.

"Dear Activists Community: As we build toward the National Mobilization Against Genocide, July 4th, 2026, Atlanta, Georgia it is imperative also continue to decolonize our thinking on how we've been indoctrinated to a narrative in support of white supremacy and super-exploitation. A narrative that is fraught with racism and genocides. We cannot free ourselves if we continue to celebrate and give credence to the narrative, now belief, that mass murder and genocide is inherently the providence of the white settler colonial empire. I invite you to consider the voice of those who've suffered the inhumanities of the white settler colonial empire and continue to be impacted with ICE raids' and U.S. military intervention pursuant to the Monroe Doctrine. Can we permit ourselves to decolonize our mentality and deny ourselves the cognitive dissonance - facing unadulterated truths and change our thinking and behavior as a result of accepting and honoring such truth by denying ourselves from participating in the national ceremonial lie??? National Day of Mourning

<https://www.workers.org/2025/11/89134/>

"Since 1970, Indigenous people and their allies have gathered at noon on Cole's Hill in Plymouth, Massachusetts, to commemorate a National Day of Mourning on the U.S. Thanksgiving holiday. Many Native people do not celebrate the arrival of the Pilgrims and other European settlers. Thanksgiving Day is a reminder of the genocide of millions of Native people, the theft of Native lands and the erasure of Native cultures.

Participants in National Day of Mourning honor Indigenous ancestors and Native resilience. It is a day of remembrance and spiritual connection, as well as a protest against the racism and oppression that Indigenous people continue to experience worldwide.

Join us as we continue to create a true awareness of Native peoples and history. Help shatter the untrue image of the Pilgrims and the unjust system based on white supremacy, settler colonialism, sexism, homophobia and the profit-driven destruction of the Earth that they and other European settlers introduced to these shores. Solidarity with Indigenous struggles throughout the world! From Turtle Island to Palestine, colonialism is a crime! Mapping Deportations Curriculum Workshop Dec 15

"Join us to learn about "Mapping Deportations," a classroom-friendly digital resource that invites visitors to see the history of U.S. immigration enforcement not as a series of disconnected events, but as a pattern. For more than two centuries, U.S. immigration enforcement has favored Europeans and their descendants while targeting non-white migrants for exclusion, removal, and punishment. Although U.S. immigration law and policy have shifted over time, the nation's immigration enforcement regime has consistently produced this result. Mapping Deportations offers data visualizations and a timeline to delve deeper into the details of deportation as well as immigrant exclusion, punishment, and the informal process known as "voluntary departure."

Site co-creator and award-winning historian Kelly Lytle Hernandez will provide an introduction to the purpose and design of the site, including how the history of anti-immigrant legislation and racism are intertwined. Teachers will meet in small groups to brainstorm ways to integrate the site in curriculum, followed by time to ask Hernandez questions and discuss ideas.” Register:

The Spirit of Mandela Coalition & the Peoples’ Senate Organizing Committee

**DID YOU KNOW that in 2021, the U.S was found GUILTY
of five accounts of genocide against Black, Brown, and Indigenous people??**

Dear Friend and Fellow Freedom Fighter,

The Spirit of Mandela Coalition, following up on the October 2021 International Tribunal verdict finding the US Guilty of Genocide against Black, Brown, and Indigenous people (see full verdict [HERE](#)), is calling for the building of a new mass grassroots formation: The Peoples’ Senate. The people need to govern and represent themselves in combating genocide and addressing their right to a just and humane existence. Our vision is for the Peoples’ Senate, organized directly by our oppressed communities, to grow into a body which will serve that purpose.

Today our communities face the most egregious violations of our human rights since the civil rights and Black power movements of the 1960s and '70s. Conditions we are living under include random mass shootings, right-wing vigilante attacks, police violence and murder, environmental racism, the reassertion of “states rights” (the “right” of states to ignore basic human rights), and healthcare racism. The US government dangerously scapegoats immigrants; causes destabilization, extreme violence, bombing, and killing of Black, Brown, Indigenous, and poor people all over the globe – and spends billions of dollars to do it; and keeps hundreds of thousands of people living in homelessness and poverty in the US. Our communities are facing targeted attacks against voting rights, workers’ rights, women’s rights, and Indigenous Peoples’ rights as right-wing elected officials and appointed judges roll back decades of hard-won battles for justice. While out-voting right-wing candidates during elections is important, voting alone will not be enough. We must organize to put more pressure on the system for major change.

The US Congress and Senate are representatives of the rich and powerful. They refuse to address the necessity for universal healthcare or a sound nationwide infrastructure providing access to clean water and other necessities. Corporations ignore and violate the needs of the planet while evading their fair share of taxes. US prisons are filled with Black, Brown, Indigenous, and poor people, many incarcerated for crimes they did not commit and/or serving sentences that far outweigh whatever criminal acts they may have committed. The oppressed national communities of Black, Brown, and Indigenous peoples all have political prisoners and prisoners of war incarcerated since the 1960s until today, who have fought for our liberation and are being held in prison unjustly or only released when near death. We want them all freed now!

Building our own Peoples' Senate will enable us to organize locally from a position of strength and connect local activists with others, in other parts of the country, who may be pursuing similar goals while electing "Senators" who are mandated to represent our interests and demands. A Peoples' Senate can fight for changes that protect and ensure our right to vote, our right to control our own bodies, our right to live free from discrimination as LGBTQ+ people, our rights to living wages and safe working conditions, our rights to sovereignty and dignity, and our rights to live free from state violence and abuse.

We invite you to take a look at the attached introduction titled [The Peoples' Senate At A Glance](#). We will present a series of webinar discussions about the Peoples' Senate followed by local and regional meetings to get input and guidance from a wide range of experiences for this organizing project. If you are interested in joining with us in launching these initial steps to build a Peoples' Senate, please fill out the on-line form [HERE](#) as soon as you can. Thank you.

Moving Forward

As we move towards accomplishing our goals, we seek to continue to form new alliances to help build a more unified front both nationally and internationally. We look forward to expanding our scope of services as well as increasing our dedicated members, especially reaching out to the youth to carry on the torch of justice for not only our beloved freedom fighters who are now elders **still** in these dungeons, but also for those Political Prisoners who are to come in the future-and surely, they will, given the escalating oppression and fascism that is swiftly seeping through every "right" in this country. Unless a sudden change permeates the power structures, the number of political prisoners will grow. COINTELPRO is still alive and running many missives in which to entrap those who oppose the tyrannical, oppressive & racism regime. Our hope is to unify the people who truly want to move forward towards a better future for all, **not just some**—and to use the power of unified numbers to stand as strong as a spider web against those who have chosen a destructive path to abolish human rights. As our Political Prisoners/Prisoners of War are aging and too many have already died behind these dungeon walls, it is imperative that we as a collective, continue to go even harder in the quest for their freedom. They have been waiting patiently... for 30, 40, 50 years. As Jericho has withstood many obstacles in the past 20+ years, we are still here, and we will not fall back. We are relentless in bringing our beloved freedom fighters' home. *"For to be free is not merely to cast off one's chains, but to live in a way that respects and enhances the freedom of others."* —Nelson Mandela

Gratitude and Appreciation

It is with great gratitude that we express our sincere appreciation to you-our supporters. Without your help, we could not accomplish all that we do for our Political Prisoner's/Prisoners of War. From helping their families visit them, to assisting with legal and medical needs, to putting monies in their commissary as well as providing

forums wherein we can hold events to educate others about our Political Prisoners/Prisoners of War, your support helps make this possible. We know it, and our Political Prisoner's/Prisoners of War know it as well. There is power in the people, and this is where freedom lies. It is because of people such as yourselves, who so graciously give of your time, your donations as well as your thoughts towards this cause, that brings us closer to the day when we can finally say-They are Home at Last....Can you imagine? **After sacrificing for the community**-the community is the one who brings them home. After languishing in a steel dungeon waiting for freedom for decades, when that door finally swings open and they finally step into their family's arms for good, it will be a powerful day indeed.

We are all links that join together as one. No act, no deed is too small. Together we are strong, powerful. We just have to keep going-as they did back in the days when they were fighting the same old oppressive, racist regime.

***"Freedom can never be taken for granted. Each generation must safeguard it and extend it. Your parents and elders sacrificed much so that you should have freedom without suffering what they did. Use this precious right to ensure that the darkness of the past never return."* —Nelson Mandela.**

Thank you-for safeguarding and extending the fight for justice, freedom, and human rights. There is a light down the way, it is called our children's eyes. May they know a better world.

As you know, the obstacles to helping free our political prisoners are immense. It is to challenge the superpower and its many facets. It is to fight repression through education, organizing, mobilizing, and creating a movement that embraces freedom and dignity for all people and freedom for all Political Prisoners.

Your financial support at this time is needed for Jericho's continued work and effectiveness.

If you cannot support financially, please do continue to read our newsletters, share them widely, tell others about our Political Prisoners/Prisoners of War-volunteer to help us if you can, for everything matters and no sincere deed is left unnoticed. We are the ones, for a prisoner's options are limited, we have the key, we just have to figure out together, how to unlock those doors.

Free all Political Prisoners!
